

Hepatitis C is preventable - don't share works, notes or toiletries with anyone.

1 **Temptation Tattoo—**  
You alone made sure the needle was sterilised. Good for you, you haven't got Hep C, your mates do.

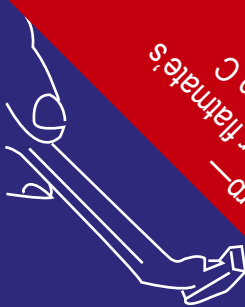

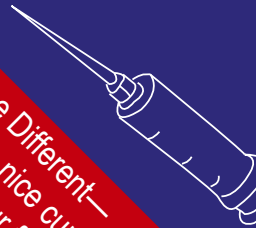

2 **Piercing Problem—**  
You wanted the trinket in your belly NOW! No time to check equipment. You have a pretty piercing as well as Hep C.

Up to 600,000 people in the UK have Hep C. Only 1 in 10 know they have it.

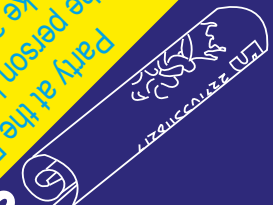

3 **Tasty Toothbrush—**  
You chewed gum instead of using your boyfriend's bloody infected toothbrush. You haven't got Hep C.

4 **Dare to be Different—**  
You made a nice cup of cocoa while your friends injected. They caught Hep C, you didn't. The cocoa was lovely.

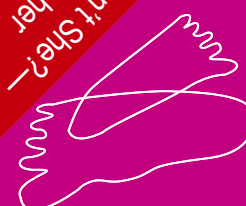

5 **Razor Sharp—**  
You used your flatmate's undiagnosed Hep C razor. Uh oh, cut Hep C, you have yourself, now.

6 **Party at the party—**  
The person before you broke a blood vessel while snorting. You caught Hep C from the bloody note.

7 **Sizzling Condom—**  
Lucky duck, nice boyfriend, and he wore a condom you both sizzled safely.

8 **Will She? Won't She?**  
She didn't share her secret. That sex involving blood left you with Hep C.

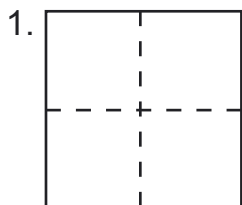

**Hepatitis C**  
A blood borne virus affecting the liver.

# MAINLINERS

Working to Improve Quality of Life and prevent HIV, Hepatitis and drug related harm

Positron™ folding and playing instructions

1. Put the blue side face down and fold in half. Unfold and fold in half the other way and again unfold. The fold lines will divide the page into four squares.

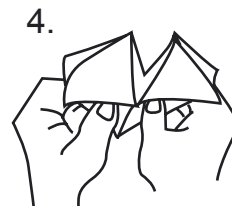

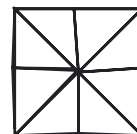

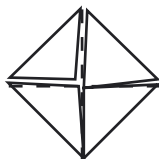

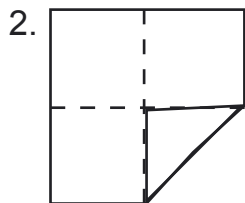

2. Fold the corners of the page into the centre to make a smaller square.

3. Turn the page over and again fold the corners into the centre to make an even smaller square.

4. Put your two thumbs and two forefingers into each of the four flap pockets and bring all four corners to the centre.

5. Ask a friend to choose a colour. Move fingers back and forward as you spell the colour. Leave the Positron open so that your friend can see the pictures.

6. Ask your friend to choose a transmission type by number. Open up the flap showing the number and read your friend's fortune.
